Dear Sir or Madame:

Please accept the enclosed CD containing the Five-Year Review Report for the Missouri Electric Works Superfund site. The U. S. Environmental Protection Agency is required to submit all completed Five-Year Review Reports to the site repository.

By providing the public with greater access to these reports, it is the EPA's hope that they will be better equipped to comment constructively on site activities and to understand the appropriate issues.

The EPA appreciates having the Cape Girardeau Public Library as a designated site repository for the Missouri Electric Works Superfund site. The enclosed report should be treated as a noncirculating reference; it should not be removed from your facility.

This Five-Year Review Report is the property of the EPA, and the EPA will remove it when the site is closed. Please do not destroy.

Again, I would like to thank you for your cooperation with the EPA in serving as a site repository. If you have any questions or comments, please contact me at (913) 551-7324.

Sincerely,

Daniel R. Gravatt  
Remedial Project Manager
